A computer science student who is eager to build a strong future career and achieve a good position in the tech industry. I am committed to studying hard, improving my skills, and working consistently toward my goals. With a strong work ethic and a willingness to learn, I hope to grow both academically and professionally through every opportunity I receive.

## EDUCATION

|                                                  |                          |
|--------------------------------------------------|--------------------------|
| <b>Bachelor of Computing in Computer Science</b> | <b>08/2023 - 06/2027</b> |
| City University of Hong Kong                     |                          |
| <b>High School Diploma</b>                       | <b>09/2016 - 08/2023</b> |
| Liu Po Shan Memorial College                     |                          |

## WORK EXPERIENCE

|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |                          |
